

# Dance With Me

Will you dance with me?

I came on my own thinking someone might

Dance with me

I won't cause you any pain, you don't need to ask my name

All I'm wondering is if you would dance with me?

No meals, no deals, no getting real

No numbers in your telephone

No test, no nest, no getting dressed. Nothing carved in stone

Will you dance with me?

Will you talk to me?

It's going to be a long journey and

It would be nice if someone

Talked to me

We're going to be stuck together

And I'm just asking you whether

You would mind a little conversation

Would you talk to me?

No shares, no pairs, no teddy bears

We're making no commitments

No dates, not mates, no celebrations

There's no plans for kitchen fitments

Will you talk to me?

Will you fly with me?

There's space beside me in the sky

And I will hold your hand if you will

Fly with me

Above the clouds into the light

If you have got a head for heights

Don't worry where we're going

Will you fly with me?

So far, no bars, up to the very stars

Leave your memory on the ground

Relax, don't pack, don't bother looking back

We're never coming down

Will you fly with me?
