

Pants on Fire!

You can keep out of the way, I trust nothing that you say

You're a liar!

Yours words might sound so sweet, but they're serial deceit

Pants on Fire!

You're a no-good rank dissembler

Put me in a right bad temper

Cos the truth you just dismember

Till nobody can remember

Pants on fire!

You're a liar!

You claim you're generous aye right, I've never known a fist that tight
You're a liar!
Just a blinding brassy neck, out for anything you get
Pants on fire!

In the ranks of rank hypocrisy
You take the biscuit and the pee
It's me and me and me and me
You'll say whatever pleases
Pants on fire!
You're a liar!

Liar liar liar liar liar liar liar liar

Fire fire fire fire fire fire fire fire

Is there anybody left believes a single word you say?
You're a liar!
Is there nothing left to stop you conning people every day?
Pants on fire!

You're not restrained by principle
Your grasping is ostensible
Self-interest is invincible
And indefatigable
Pants on fire!
You're a liar!

Liar liar liar liar liar liar liar liar

Fire fire fire fire fire fire fire fire

You're a you're a you're a you're a you're a you're a you're a
liar
