You're never gonnae keep yersel alive

You're better here theguner oo can keep an eye on you

Too wee, too poor, too stupid to survive!

How dae ye think ye'll manage oot there on yer ain?

Try tae make decisions and ye're doomed

Naebody can be trusted they're a oot tae dae ye doon

Ye're better bidin safely in yer room

Chorus

Dinnae think that onybody'll gie ye a decent job

You might think ye're clever but ye're no

Oo'll let ye bide here and you can decorate the hoose

While oo're off catchin rays in Oporto

Chorus

Huv yer ain freens jist let us vet them
Oo'll sort oot your connections never fear
If oo think they shouldnae see ye oo'll no let them in
Oo'll make shaire naebody ever gets too near

Chorus

Ye say ye need fresh air well there's the gairden
If ye need advice tae help ye here's a book
Oo'll get the deckchairs oot, and oo'll keep ye company
When ye've feenished oo'll pop ower and hae a look

Chorus

Dinnae ever think ye can afford it
Whatever it is that you might like tae dae
Yir account is in oor name and that's no gonnae change
Cos come a rainy day oo'll be needin a that you can pay

Chorus

If the day should ever come ye try tae move away
There'll be barbed wire on the door and windaes tae
Oo're only sayin that's tae show how much that we love you
Forget the life ye want tae live and stay

Or else....
